CCD Board Meeting Minutes - 1 Nov, 2026

Administrative Business

- The board approved the prior annual meeting minutes and accepted the treasurer's report. Discussion included reviewing quarterly financial performance and improving reporting by providing clearer breakout information for individual dance programs.
- Scheduling coordinators reported that caller and band availability is being collected for the upcoming season. Board members discussed recruiting additional callers and bands, maintaining contact lists, and creating a process for prospective musicians interested in joining local dance bands.
- The board discussed updating website listings to reflect active callers and removing inactive contacts who have not responded to repeated outreach efforts.
- Members reviewed the organization's relationship with the Wyoming Fine Arts Center (WFAC), noting opportunities arising from ongoing facility improvements, increased programming, and anticipated growth at the venue. The board emphasized maintaining strong communication and responsiveness with center management.

New Business

- Significant discussion focused on financial transparency and member concerns raised during the annual meeting. The board agreed that members should have opportunities to ask questions and better understand finances, compensation policies, and sustainability challenges.
- The board agreed to hold a dedicated financial information session for members. Topics expected to include compensation policies, financial sustainability, admission pricing, potential fee adjustments, sliding-scale models, membership/subscription concepts, and ideas for strengthening Saturday dance attendance.
- Various financial sustainability ideas were brainstormed, including:
    - Sliding-scale admission structures.
    - Suggested/supporter admission levels.
    - Membership or subscription programs.
    - Incentives for repeat attendance.
    - Gathering member feedback before future pricing changes.
- The board discussed supporting WFAC's capital fundraising campaign and considered matching donations, publicity support, and direct organizational contributions.
- After discussion, the board voted unanimously to donate $500 from organizational funds toward dance floor improvements at WFAC and revisit a possible additional $500 contribution in 2027 based on financial conditions.
- The board discussed outreach opportunities and volunteer engagement, including making better use of volunteer information collected from members.
- A lengthy discussion addressed health and illness reporting. Members agreed that the organization should not act as a contact-tracing body and that individuals wishing to notify others of illness may do so themselves through the organization's Facebook community. The

board discussed developing a general health-related policy aligned with public guidance rather than disease-specific reporting requirements.
- The board agreed to skip the December board meeting unless an emergency arises and tentatively schedule the next board meeting for January 3.

Action Items

Action Item	Owner(s)	Due/Timing	Notes
