

Opening the Wyoming Fine Arts Center for Contra

1. Try to arrive by 6:45. The sound crew is normally already there so the building should be open.
2. Greet newcomers that arrive early for the 7:00 instruction class. Invite them to wear a yellow badge and ensure that the caller is aware of the newcomers.
3. Place contra signs near the front door and side door. They are usually located behind the sound cabinet (which is up the stairs to the left of the stage)
4. Hang the quilt on the back of the stage (the sound crew might have already done this). The quilt is usually up the stairs to the right of the stage.
5. Turn on vestibule and outside lights, the switch is just inside the side door for the side entrance and just inside the front door for the front entrance.
6. Sweep the dance floor. Remove any sticky items from the floor if you notice them.
7. The Sound Crew will open the sound cabinet that contains the key to the downstairs storage room. The storage room contains the bin of supplies for the setup table near the side door entrance. From the bin, do the following
 - a. Place buttons and sharpies on the table.
 - b. Set out a few masks.
 - c. Put some "Contra Etiquette/Dancer Expectations" papers on the table.
 - d. Distribute hand sanitizer bottles on the setup table and around the room in several places.
 - e. Put out the folder containing registration forms for upcoming dance weekends.
 - f. The bin can be placed under the setup table.
8. The cash box is located in the sound box and should be placed on the stage along with the caller/band tip containers. This may already be done by the sound crew. Also place a "Contra Etiquette/Dancer Expectations" paper and a sanitizer bottle on the stage near the cash box.
9. Line up the chairs against the side walls, not touching the heaters in the winter. Try to avoid having any items in the middle of the back wall so we can have as much room as possible for a single dance line.
10. Place fans around the room and plug them in, but they do not need to be turned on.
11. Use dry erase markers to write the name of the band, caller, and sound crew on the whiteboard. The whiteboard is usually in or near the sound box and can be placed on a music stand.
