Introduction

Philip handled first half of meeting.

Meeting Minutes from 12/01/24 accepted as presented.

Treasurer's Report accepted as presented – includes year-end report.

Kurt asked about selling dance socks and not being able to do it because state rule about only being about to sell 6 days per year. Would either need to file to pay sales tax or have volunteer do it. Table it until later.

Secretary's report - nothing to report.

WFAC report – Pay \$125 per dance – no news on contract – several attempts to contact WFAC. Consensus to pay \$125 starting now (but keep pressure on for contract). Larry usually pays 2-4 weeks in advance. Continue to do so. Charles concerned about what is going on with WFAC since they've not been responsive. Maybe explore backup options. Reading? Evendale? Waldorf school in Mariemont? Kurt suggested that either he or Brenda could stop by WFAC during their open hours – Steve will communicate with Kurt about what gentle questions could be asked.

Speaker – still problems – need to communicate with WFAC and before arranging to get it fixed.

Snow storm – pay for tomorrow even if we have to cancel for weather. Myra suggested that we “add” that to the contract – some clause about cancellation?

Social Secretary Report – Bonnie cards to John McCain, Larry, Richard House, Suruchi (text). And sympathy card to Frankenhoff's on the death of their son.

Scheduling Report – Bonnie and Deven schedules are up on website and facebook.

Bonnie suggested one of the Mean Lids (Ben) might be able to do techno at PTF.

Add “community opportunities” to FaceBook that shows other area dances, etc?

Larry will be unavailable 1/13 (Charles), 1/20 (Steve), 1/27 (Philip). Larry will be off sound duty for a couple of months. John putting together the schedule.

Cancel dance for tomorrow night because of storm. Consensus. Post now. Bonnie will contact caller and band.

Old Business

Website – Audrey & Cori – nothing to report

New callers – Beth, Darlene, and Steve willing to have new callers work with them. Bonnie will contact Margaret Ann again.

Google Drive progress – per Deven dropped off the radar.

PTF update registration attached to old website. Registration ahead of last time. – flyers out! Cori will send out flyers to area groups. T-shirt design ready (thanks to Brenda and Kurt) and Cori and Val have looked at our options through DIY printing (used last years). Going to send out survey about favorite bands to get info on talent for next year. There will be a techno workshop at PTF (Sat afternoon tentatively). Also possibly techno at after-party. Max # 325?

½ day retreat – Audrey looking at venue and schedule – committee will meet. Ohio association of non-profits can provide facilitation maybe? Need facilitator not on board. Sometime between April and July? Audrey will see if she can find a contact with Arts Wave for possible facilitator.

Recruiting more dancers – currently no local advertising. Some websites of activities we could join. Philip suggests that each of us research a place we might advertise and bring back to the board. See if we can craft a story about PTF – Lucy Mae at WVXU? Dance demonstrations? Citybeat? Appalachian festival. River roots? Routes? (Audrey contact?) educational packet about the history of contra to local universities art programs.

Flyers/posters with PTF design.
